My book, "Sacred Work: Planned Parenthood and Its Clergy Alliances," is an account of what happened before 1973. In 1916, all American political parties and movements, and all religious institutions, agreed on one thing: Women should not have access to birth control. Some churches were opposed. Some were silent. But none of them was helping women. Margaret Sanger took them all on. She opened a clinic in Brooklyn and distributed contraceptives. She was arrested and went to jail when she said she could not promise to obey a law she did not respect. Xvi, 245 pages ; 24 cm. "In Sacred Work: Planned Parenthood and Its Clergy Alliances, Tom Davis brings to light the ways in which the Planned Parenthood Federation of America, a leading reproductive rights organization, and the clergy are not as incongruent as they often are construed to be. Although clergy supporters of choice are rarely, if ever, given attention in the media, Davis shows that they in fact play a major role in advancing women's rights, rebutting right wing arguments, and helping to make (and keep) abortion legal nationwide."--Jacket.
