Is journalism under threat? Censorship, political pressure, intimidation, job insecurity and attacks on the protection of journalists’ sources - how can these threats be tackled?

Journalism at Risk is a new book from the Council of Europe, in which ten experts from different backgrounds examine the role of journalism in democratic societies. Is journalism under threat? The image of journalists, as helmeted war correspondents protected by bullet-proof vests and armed only with cameras and microphones, springs to mind. Physical threats are only the most visible dangers, however. Journalists and journalism itself are facing other threats such as censorship, political and economic pressure, intimidation, job insecurity and attacks on the protection of journalists’ sources. Social media and digital photography mean that anyone can now publish information, which is also upsetting the ethics of journalism. How can these threats be tackled?

In this book, 10 experts from different backgrounds analyse the situation from various angles.

- Chapter 7 - Ethical journalism: an inspiration for responsible communications in Europe
- Chapter 8 - Journalism’s dilemmas: Internet challenges for professional journalism and media sustainability
- Chapter 9 - The Internet or the sudden emergence of the reader: the experience of Rue89
