The name Zimbabwe may sound familiar to people, to modern historian, it was one of the richest colony in Africa, known back then as Rhodesia. To others, a source of much talk due to the country's infamous hyperinflation. The challenge for me was to draw the actual historical representation, because historical descriptions of how the warriors look, both men and women, of the Kingdom of Zimbabwe and its predecessor, are either virtually non-existent, very hard to find or simply undiscovered. However, I took up my inspiration from its descendants, the Shona Tribes as well as the Zulus, studying what they wore and what its significance was, to come up with this image. A Short History of Zimbabwe. You are here: Countries / Zimbabwe. As early as 200 B.C. the San people are believed to have first inhabited the country. Come the Bantu domination and the Shona people came, followed by the Nguni and Zulu tribes. In the mid-19th century, the descendants of the Nguni and Zulu tribes called the Ndebele established their own kingdom in the country. In 1850, the British came and conquered the country making it their colony. They named the country Rhodesia after Cecil Rhodes of the British South Africa Company. Soon it became Southern Rhodesia and in 1923, the European
